STATEMENT OF PROBABLE CAUSE

(For issuance of an arrest warrant or summons)

I state that on 07/26/2024 while exercising my duties as a law enforcement officer in the _____ District of MT

Pursuant to 16USC 551: On 7/20/2024 I received a report from a Forest Service (FS) employee about a truck and camper in the bed of the truck that was left behind in a concerning manner on forest road 5738. This is located on the Darby Ranger District of the Bitterroot National Forest. I was provided photographs of the report, and they showed that the truck was parked facing up the mountain side, the camper was halfway in the bed of the truck, and the back portion of the camper wall and door was hanging on by the paneling.

The pickup truck was a green Chevrolet with a Montana license plate of CPX502. I ran the license plate through Omnixx Force and they returned as stolen. The originating agency was the Minneapolis Police Department (MPD). MPD was contacted and requested the license plates be seized. The camper was an older model Cascade that is brown and white in color.

In the window of the camper was a note stating that the owner of this vehicle is Jonathan LINTON. The note said it was stolen and found like this and he left to go get tools to try and fix it. The phone number (406)370-6553 was left at the bottom of the note.

On 7/24/2024 the same FS employee returned to the area and discovered that the pickup truck was gone, and the camper was left rolled over on its side. On 7/26/2024, at around 1233 hrs., I called the phone number left on the note and a person who identified himself as LINTON answered the phone.

LINTON stated that he was not going to leave the camper, but he was working on getting it removed. LINTON admitted that the camper was on his truck, and I asked LINTON if the camper belonged to him. He said it did not and that he did not know who the camper belonged to.

Inside of the camper were items indicating that the camper belonged to LINTON. There was a Narcan package that was prescribed to Jonathon LINTON. There was a message on the
